Dear Registered Voter:

In the State of Michigan, all eligible and registered voters may request an absent voter ballot without providing a reason. This is because of the passage of the statewide ballot proposal 18-3 in November 2018.

A request for an absent voter ballot is required unless you are on a permanent absent voter application list. Chassell Township does keep a Permanent Absent Voter Application List and mails out applications prior to each election for the Township.

If you would like to be included on a Permanent Absent Voter Application List, please request this in writing and we will put your name on our list and send you an application prior to all upcoming elections. For your convenience, you can request to be put on a Permanent Absent Voter Application List by signing the bottom of this letter and returning it to our office at: PO Box 438, Chassell, Michigan 49916.

Sincerely,

Lynn Gierke
Clerk

I would like to receive an Absent Voter Application prior to all elections scheduled for Chassell Township.
