

**Record of Heirs at Law for  
Cemetery Blocks and/or Lots  
Chassell Township Cemetery**

Chassell Township allows burial of “heirs at law” in the cemetery blocks and/or lots of original purchasers. Permission for such burial is granted by the Township Clerk (1) when original owners are themselves deceased or otherwise unable to designate burial of heirs in specific plots, (2) with sufficient proof of “heir at law status,” and (3) with permission/agreement from other living “heirs at law” with greater or equal priority status (to the extent to which such permissions can be obtained by the Clerk in a timely manner). Unless original owners direct otherwise, priority status is determined by degree of relatedness to original owners (for example, parents and/or children of original owners would have equal priority in regard to one another, but both sets of heirs would have higher priority than grandchildren or great-grandchildren).
